EXPERIENCE

Teaching Assistant (Software Engineering) | BrainStation
JAN 2024 - CURRENT, REMOTE

- Delivered interactive coding sessions, and whiteboarding challenges.
- Evaluated student's assignments and delivered constructive feedback.
- Conducted code reviews and offered mentorship to help students improve their coding skills and project outcomes.
- Collaborated with students to troubleshoot technical errors, debug code, and optimize their project development processes.

Visual Merchandiser | Winners
NOV 2022 - NOV 2023, COQUITLAM, BC

- Collaborated with high-level executives to identify and implement innovative visual and creative ideas, contributing to the store's sales and customer experience.
- Managed a diverse team of 15 associates, delegating daily tasks and setting goals to ensure efficient operations within the department and to achieve daily and weekly sales goals.

Administrative Assistant | Ministry of Children & Families
JAN 2021 - OCT 2022, MAPLE RIDGE, BC

- Showcased strong analytical skills by preparing and processing various documents and reports, which required the assessment and analysis of data.
- Monitored financial information such as expenditures, and accruals; performed reconciliations and solved variances.

Contract Clerk | Community Living BC
JULY 2019 - DEC 2020, PORT MOODY, BC

- Implemented rigorous contract review procedures that reduced errors in the contract drafting process by 15%. This strategic initiative enhanced the efficiency of the overall administration department, leading to improved operational performance.
- Collaborated with cross-functional teams to draft contracts and ensure compliance with CLBC policy and procedures
- Ensured the accuracy, completeness, and compliance of back-up and source documents, and approved them as per the appropriate spending authority.

Community Support Worker | Milieu Family Services

JAN 2019 - FEB 2020, SURREY, BC

- Fostered an empowering environment for young adults with developmental disabilities in a residential setting, enhancing their daily living skills and promoting their independence.
- Advocated for individuals by acting in their best interest, and help to amplify their voices and rights

Office Coordinator | Toyo Pumps North America Ltd.

MAR 2017 - JAN 2019, COQUITLAM, BC

- Collaborated with sales, marketing and accounting departments to increase overall operational performance and efficiency.
- Coordinate and manage scheduling for all office meetings and events
- Ability to effectively communicate via phone and email ensuring that all Administrative duties are completed accurately and delivered with high quality and in a timely manner.

PROJECTS

Full-Stack Developer | Mock Netflix

FEB 2024, PERSONAL PROJECT

- Tech Stack: React, Redux, Node, Express, RESTful API's, SASS
- Designed and created a mock Netflix web-application with a user authentication system and utilized HTTP requests to external API's for movies and shows.

Full-Stack Developer | Thynk Travel

DEC 2023, BRAINSTATION CAPSTONE PROJECT

- Tech Stack: React, Node, Express, SQL, SASS
- Designed and created a web-based application that allows users to search and book flights & hotels, and plan travel itineraries. Also, created a user authentication system.

Full-Stack Developer | Shopify Industry Challenge

NOV 2023, 24 HOUR HACKATHON

- Cross-collaborated with UX and Data Science peers to complete a 24 hour challenge for Shopify by building a mobile responsive digital solution using React.Js, HTML, SASS and Figma.
